We have chosen to participate in the Chesapeake Regional Information System for our Patient (CRISP). CRISP is a regional health information exchange serving Maryland and D.C. As permitted by law, your health information will be shared with this exchange in order to provide faster access, better coordination of care to assist providers and public health officials in making more informed decisions. You may “opt-out” and disable access to your health information available through CRISP by calling 1-877-952-7477, through their website at www.crisphealth.org, or by submitting an Opt-Out form to CRISP. This form can be obtained from our office manager.
